About Us

Wenzhou Safewire Electric Co.,Ltd is a company specialized in the manufacture and sale of items in the field of electrical installation material and goods. The Safewire behind the flag ship brand Feilifu ,Feilifu Technology Co., Ltd was established on 1998. Since then, we embarked on the relentless pursuit of being the biggest supplier with over 30,000 square meters building areas in China as we choose only the best and safest electrial products with their consumers in mind.

Safewire is engaged in producing and selling high-quality wiring systems produced in accordance with international standards. Our factory was recognized through ISO9001, ISO14001,OHSAS18001. And also be 3rd quality certification such as CE and SASO etc.

After 20 years of continuous improvement and innovation, we obtained over 80 patents related to floor sockets and electrical sockets. A favourite with architects and building specifiers, Safewire electric sockets are suited to domestic or commercial applications such as shopping centres, airports, conference halls, hotels, railway stations, health centres, sports centres, museums, terraces, gardens and kitchens. Today, we have a line over 100 products. Everyone of them was developed through extensive R&D and customer feedback.

We provided OEM and ODM service for most worldwide brands. And exported products& service to over 56 countries in Europ, Australia, Middle East and Southeast etc. When our clients purchase our products, they know they are getting value for their money, with performance, reliability and quality. Every product carries our personal guarantee and service commitment. Our team stands behind every product we sell-even years after it is installed. We now offer reliable years warranty on all Safewire products, covering parts and labor. We have buit our reputation on this.

Of course we also have a huge range of shapes, sizes, boxes with IP Ratings and your choice of a metal finish or inlay, all readily available from your local electrical wholesaler. If none of our options are suitable for your application, please contact us about customization solution for you.

The world will keep changing. This is what keeps Safewire ahead. Listening to, and acting on, customer feedback sets our products apart from others. Safewire, On the way!

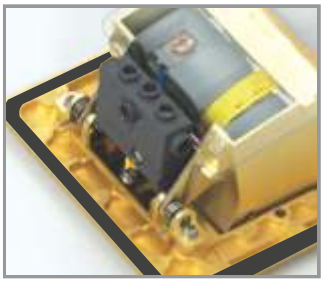
Terminal for Floor Socket

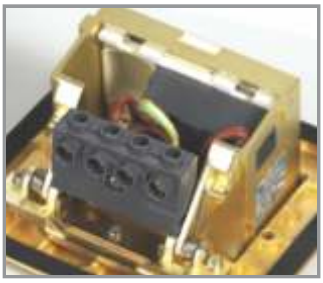
Terminal block code: HTJ-001
Fast connection terminal

- Hard wire insert connected;
- Suit wire 1mm^2-2.5mm^2.



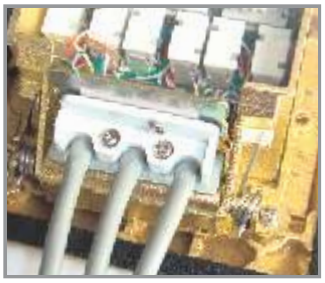
Terminal block code: HTJ-002
3 screws terminal

- Tight by screw;
- Suit wire 0. 5mm^2-6mm^2;
- Suit hard wire & soft wire.



Terminal block code: HTJ-003
4 screw terminal

- Tight by screw;
- Suit wire 0.5mm^2-6mm^2;
- Suit hard wire & soft wire;
- More terminal connected, suit for three phase 4 wire.



Wire clame : HTJ-003

- Hold the wire more tight.

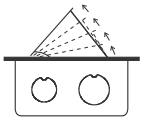
Pop-up
Slowly

More safety



10 Times

The floor socket equipped with soft starting device, the opening speed of which is 20 times slower than regular products. State for opening: uniform speed, slow.

This series product has won national invention patent and new type practical patent, Compared with all kinds of present Pop - up floor socket, it has the characteristics of long life, stable performance, little noise and safe to operate etc. Lightly dial the lock catch, the Pop - up mechanism will rising slowly at even speed and the nearby electrical equipments can easily get power from the product, which thoroughly solve the defects of short life, big noise, unsafe,etc. that caused by big impulse force the present similar products brought when Pop - up. It is also easy for installation.

The Fig takes HTD-16 Soft Pop－up type floor socket as an example.
No additional instructions for other products as the schematic diagrams are similar to the product.

FZ510-D/ silver wiredrawing oxidation

FZ510A-N/ black wiredrawing oxidation

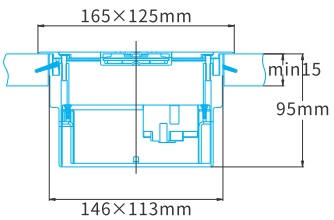
FZ510A-N/ silver wiredrawing oxidation with wireless charging

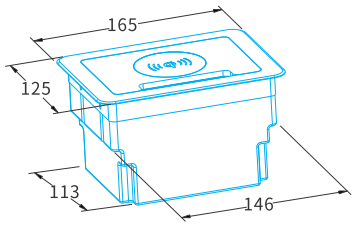
FZ510N-N/ black wiredrawing oxidation with wireless charging

Product features:

- Wireless charging function selection accords with the QI standard;
- Double-outlet standard USB, full-voltage USB smart quick charge, supporting QC3.0, carrying QUALCOMM identification chip, power conversion rate of above 80%, and at the same time, a variety of intelligent protection functions including overcharge protection, over-temperature protection, overvoltage protection, short circuit protection, under-voltage protection, overload protection, etc. overvoltage protection, short circuit protection, under-voltage protection, overload protection, etc.

Installation instruction

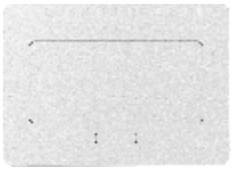




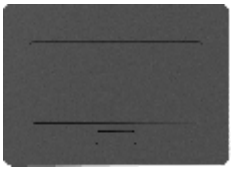
Size of bottom case: 146x113x95mm

TABLE SOCKET
Floor socket / Table socket / Waterproof socket

FZ515 Series Desktop Socket



FZ515 - DZ/L Silver stoving varnish

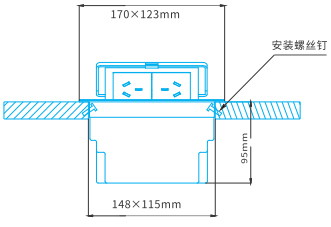


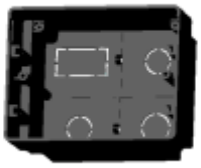
FZ515 - NZ/L Black stoving varnish

Product features:

- damped structures; the product has long life of service; press the button to make the product slowly open, quiet and soft, comfortable life experience;
- Full - voltage USB smart quick charge, supporting QC3.0, carrying QUALCOMM identification chip, power conversion rate of above 80%, and at the same time, a variety of intelligent protection functions including overcharge protection, over - temperature protection, overvoltage protection, short circuit protection, under - voltage protection, overload protection, etc.

Installation instruction





Size of bottom case : 146x113x95mm

TABLE SOCKET

Floor socket / Table socket / Waterproof socket

FZ517 Series Desktop Socket

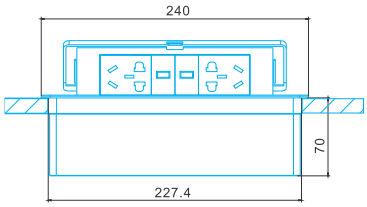
FZ517 - DZ/L Silver stoving varnish

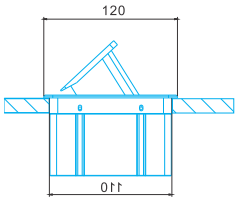
FZ517 - NZ/L Black stoving varnish

Product features:

- damped structures; the product has long life of service; press the button to make the product slowly open, quiet and soft, comfortable life experience;
- Full - voltage USB smart quick charge, supporting QC3.0, carrying QUALCOMM identification chip, power conversion rate of above 80%, and at the same time, a variety of intelligent protection functions including overcharge protection, over - temperature protection, overvoltage protection, short circuit protection, under - voltage protection, overload protection, etc.

Installation instruction





Size of bottom case : 229x110x70mm

TABLE SOCKET

Floor socket / Table socket / Waterproof socket

FZ518 Series Desktop Socket

Aluminum wiredrawing oxidation

Certificated socket

Quick charge 2.4A Intelligent charger

Structure without button and clippers

Closed plastic bottom case

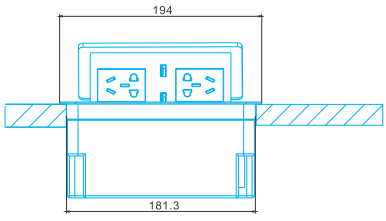
FZ518 - DZ/L Silver wiredrawing oxidation

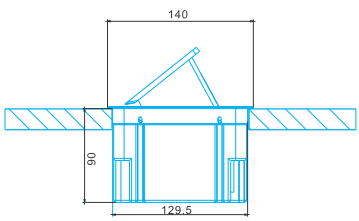
FZ518 - NZ/L Black wiredrawing oxidation

Product features:

- The product uses high - quality aviation aluminum alloy CNC with integrated formation, high intensity and reasonable and resistant structure;
- The surface's wiredrawing with hard anodizing, with beautiful appearance, and elegant;
- damped structures; the product has long life of service; press the button to make the product slowly open, quiet and soft, comfortable life experience.

Installation instruction





Size of bottom case : 181.3x129.5x120mm

TABLE SOCKET

Floor socket / Table socket / Waterproof socket

FZ520 Series Desktop Socket

Product features:

- The product is suitable for meeting room, office desk, executive desk, partition wall, cabinet, ceiling, display platform, home decoration, stage, etc., and effectively integrates several power sockets and multimedia elv interface on a socket, hidden under the table, so the product box body for only 80mm - diameter hole on the desktop adopts high - grade aluminum anodization, bright and beautiful. In use, its surface is easy to clean, and resistant. All functions can use the wire or jump line for information point docking. For light socket dome, dome automatically pops up 1.5 cm, and then use hand to draw the round cover plate. Pull the socket to the lower level, and insert the plug of outside wiring to the corresponding socket.

Installation instruction

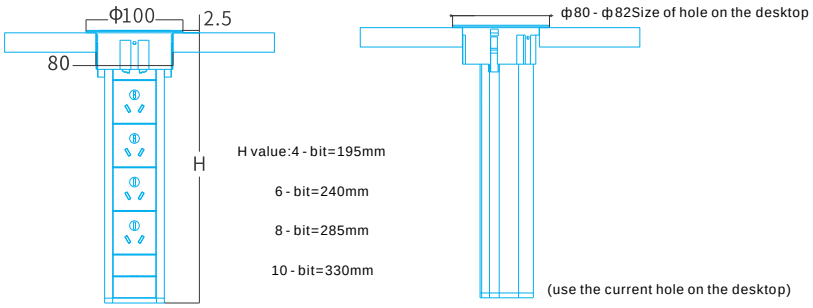


TABLE SOCKET

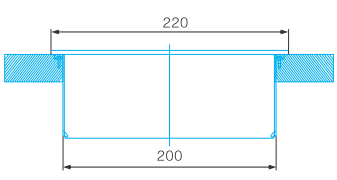
Floor socket / Table socket / Waterproof socket

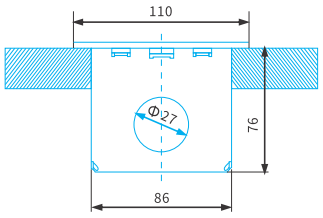
FZ536 Series Desktop Socket

FZ536 - S/ Grey plastic sand streak surface

Product features:

- Open hidden structure; in using, open the cover plate, and the whole plate is collected inside the product, which does not affect the other desktop to use;
- Embedded installation; after installation, product and desktop are at the same level, and it will not over the desktop height, blended with the desktop.





Size of bottom case : 200x86x76mm
