■ SAFEWIRE By Feilifu

About Us

The Safewire behind the flagship brand Feilifu, Feilifu Technology Co., Ltd was established on 1998. Since then, we embarked on the relentless pursuit of being the biggest supplier with over 30,000 square meters building areas in China as we choose only the best and safest electrical products with their consumers in mind.

We provided OEM and ODM service for most worldwide brands. And exported products service to over 56 countries in Europe, Australia, Middle East and Southeast etc. When our clients purchase our products, they know they are getting value for their money, with performance, reliability and quality. Every product carries our personal guarantee and service commitment. Our team stands behind every product we sell-even years after it is installed. We now offer reliable years warranty on all Safewire products, covering parts and labor. We have built our reputation on this.

Of course we also have a huge range of shapes, sizes, boxes with IP Ratings and your choice of a metal finish or inlay, all readily available from your local electrical wholesaler. If none of our options are suitable for your application, please contact us about customization solution for you.

The world will keep changing. This is what keeps Safewire ahead. Listening to, and acting on, customer feedback sets our products apart from others. Safewire, On the way!

Equipment

We produce high quality electric products and export all over the world.

Our floor socket, floor boxes, underfloor junction box and other wiring system products are entirely produced in house with strict quality control.

Our production facilities include:

- Factory: 30,000 square meters building areas;
- R&D department:3D design and engineers with vast experience and knowledge.
- Tools department: We have brand new CNC center with erosion machines, trilling machines and saw machines.
- Press department: Equipped with several new press machines for up to 100 t and 10 lathe machines metal cutting and bending machines. etc.
- Galvanization department: Newly refurbished automatic galvanizing line. We can make Ag,Zn, Ni and Tn plating on our metal and copper parts.
- Own independent electrical laboratory--Full routine testing for our own products, 300 sqm of advanced technology lab.

Our Lab

Our object is to deliver professional connected wiring solutions that are based on new business models and offer new services for all kind of applications.

Today, Safewire is an active member of important associations and consortiums in electric industry-both worldwide and on a regional level.

- A) Associations/ Alliances IEC; CQC;
- B) Certification bodies ISO, CE, RoHS, EN/EC,
