Equipment

We produce high quality electric products and export all over the world.

Our floor socket, floor boxes, underfloor junction box and other wiring system products are entirely produced in house with strict quality control.

Our production facilities include:

- Factory: 30,000 square meters building areas;
- R&D department:3D design and engineers with vast experience and knowledge.
- Tools department: We have brand new CNC center with erosion machines, trilling machines and saw machines.
- Press department: Equipped with several new press machines for up to 100 t and 10 lathe machines metal cutting and bending machines, etc.
- Galvanization department: Newly refurbished automatic galvanizing line. We can make Ag,Zn, Ni and Tn plating on our metal and copper parts.
- Own independent electrical laboratory--Full routine testing for our own products, 300 sqm of advanced technology lab.

Our capacity About us > Test center Our products

Test center

Qualified by CQC, China

Our Lab

Our object is to deliver professional connected wiring solutions that are based on new business models and offer new services for all kind of applications.

Today, Safewire is an active member of important associations and consortiums in electric industry-both worldwide and on a regional level.

A) Associations/ Alliances IEC; CQC; B) Certification bodies ISO, CE, RoHS, EN/EC,

>> 3rd party test certificate

3rd Party Test Certificate

Although not a mandatory requirement the company supports as a policy that all functional products should undergo a third party test certification process. Please noted

that our products fulfill type testing to the National Standards GB/T23307 and International standards IEC60884 can demonstrate compliance and product reliability.
